

Professional power-feeding unit with variable speeds

## **VARIOSTEFF 4**

Safety device for a safe and effective workpiece feeding on different types of traditional wood-working machines

## HIGH-QUALITY END PRODUCTS

4-wheel model: the ideal solution for the feeding of wooden rods and medium and/ or large-size workpieces. Thanks to the two infeed-wheels and the two outfeed ones, the workpiece is constantly and evenly feeded althrough the working process, thus remarkably improving the quality of the end products.

### HIGHEST VERSATILITY

A wide range of variable speeds, that You can easily select by turning a knob. The ideal solution for those who often need to change the feeding rate. The speed selector on the motor unit allows a quick change of the feeding direction back and forth

### **PERFECT GRIP**

50-Shore wheels made of patented "Feeder Grip" rubber, provide the longest durability and the highest grip on the workingpiece. 4 wheels ensure even more grip on the panel althrough the feeding process.

Improves the safety: the operator does not have to put his hands close to the tool
Improves the finish quality, thanks to the constant and even feed-rate
Feed-rate can be easily selected to meet every specific working need
Easily adjustable to suit different sizes of work piece

# SERVICE

Worldwide after-sale service.

Real-time, on-line remote assistance through a dedicated augmented reality APP. Spare-parts availability for up to 10 years, shipment within 24 hrs

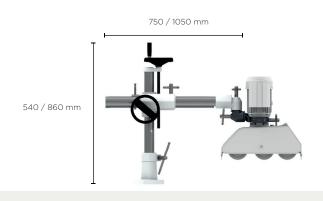

### **DATA SHEET**

Variable speeds	from 3 to 18 mt/min (up to 33 mt/min optional)
N. of wheels	4
Wheel diameter and thickness	120 x 60 mm
Motor	1 HP / 0,75 KW RPM 1400 /2800
Wheel suspention	20 mm
Distance between wheels	0000 162 mm - 152 mm - 133 mm
Distance between first and last wheel	<b>0000</b> 447 mm
Overall dimensions and net weight of the feeding unit	620 x 206 x 510 mm 35 Kg
Overall dimensions and net weight of the stand	540 x 910 mm 35 Kg
Package dimensions and gross weight (feeding unit)	670 x 570 x 330 mm 37 Kg
Package dimensions and gross weight ( stand)	800 x 330 x 330 mm 37 Kg

## SAFETY AS A CORE VALUE

A power-feeder improves the safety as it feeds the workpiece close to the tool, while operator's hands are kept at a distance. Its effectiveness depends on specific design and manufacturing criteria. Maggi feeders are the only ones designed and manufactured in Italy and abiding by all EU safety norms.

### **UNIVERSAL STAND**

For easy positioning and adjusting of the feeding unit on the machine tool. It is easy to fix, stable and strong: foot, cross-shaped piece, pipe, joint and collar are made of cast-iron and the two columns are made of rectified steel of considerable thickness.

### MAGGI TECHNOLOGY

Via delle Regioni, 299 50052 Certaldo (Firenze) Italia

Stand for professional power-feeding units

## **PATENTED**

"EASY" STAND

Makes it FAST and EASY to tilt your power-feeding unit

## UNIVERSAL PATENT

The innovative, patented EASY swivel joint is compatible with all Maggi stands, even older ones, while its compatibility with other brands is to be confirmed after checking

## READY IN ONE CLICK

Tilting Your power-feeding unit has never been so QUICK and EASY! Turn the handle to unlock , tilt the feeding unit, turn the handle again to lock

## UNCOMPROMISED SAFETY

The safety knob prevent the feeding unit from falling or moving suddenly after unlocking the handle; thus allowing the operator to tilt and adjust it in complete safety.

- VALUE EVERY MOMENT: Both in Your business and in Your life every minute counts! With EASY STAND You can move faster and get to the job done easier.
  - UPGRADE SMARTLY: Replacing Your traditional swivel joint with an EASY joint considerably improves the performance of your stand at very little cost.
